- **Futer** : sadrži dve dinamički ispisane liste pomoću JavaScript. **Prelaskom miša** preko svakog od članova, font-size **Font Awesome** ikonice će biti uvećan, tj. smanjen pri izlasku iz istog. – urađeno pomoću JQuery. **Klikom na poslednju ikonicu** druge liste gde se nalazi

<p> We have cats of almost any age so this can be the perfect place for you to look for them. </p>

<p> Cats live in free space; they are spending time outside the place or inside. Most of them hunt mice as well as birds, while other prefer taking naps under the table. </p>

<p> They are used to a variety of food, using sand and sleeping on a couch, on chairs or on a carpet.

<p> Other important thing is that we give them all the necessary help such as required review from our veterinarian for each of rescued cats. We test them for possible viruses and diseases. Then deworming (we supplied the vet with Broadline) and vaccination against infectious diseases. </p>
